**Acceptance of Annual Report, Independent Review Panel Manager
Budget and Scope of Work, Pacific Gas and Electric (PG&E) Hinkley
Compressor Station, Cleanup and Abatement Order R6V-2015-0068**

I am accepting the Annual Report that we received on February 1, 2018. The Annual Report demonstrated that PG&E provided adequate funds for an independent consultant to provide technical information, education, and advice to Hinkley community members, and included a scope of work and budget for the previous year and for the next 12-month period. The Annual Report meets the requirements of Cleanup and Abatement Order (CAO) No. R6V-2015-0068, section VIII.B.

My staff and I look forward to continuing the collaborative relationship with the community's Independent Review Panel Manager, Project Navigator, in 2018. The annual report is available on Geotracker at http://geotracker.waterboards.ca.gov/profile_report.asp?global_id=SL0607111288.

If you have any questions or comments, please contact me at (530) 542-5412 (patty.kouyoumdjian@waterboards.ca.gov) or Anne Holden, Engineering Geologist, at (530) 542-5450 (anne.holden@waterboards.ca.gov), or Jan Zimmerman, Senior Engineering Geologist, at (760) 241-7376 (jan.zimmerman@waterboards.ca.gov).

PATTY Z. KOUYOUMDJIAN
EXECUTIVE OFFICER
